The U. S. A. T. Hancock  
Here Again.

A Large Fleet of Vessels Arrives.  
Island Steamers Take Large  
Cargoes--Notes.

Quite a fleet of vessels entered and left the harbor yesterday. The first to arrive was the four-masted British bark City of Adelaide with coal from Newcastle. She was sixty-one days on the voyage up from the Colonies and brought 1175 tons of coal to W. G. Irwin & Co. Captain George Greenwood has his wife and child with him. The voyage was an uneventful one. The American barkentine Robt. Sudden also from Newcastle made a longer trip than the British vessel. She left Newcastle on February 8th and her trip lasted seventy-three days. Neither vessel was put in quarantine. The Doric left for the Orient on time yesterday and her place was taken at the Pacific Mail wharf by the immense transport Hancock. The Hancock is the longest of the transport vessels, being over 570 feet long. It was stated by Coast papers that it would be impossible for the vessel to enter the harbor here as she was drawing too much water. Her draught as she is now is twenty-eight feet six inches aft and she had no difficulty in making her dock. She will be coaled here and take some water, probably not getting away before Saturday. The Hancock was formerly the Arizona and has made several trips here. She has the Philippine Commissioners and families aboard besides several army officers and some hospital nurses. The crew consists of about 180 or 190 men all told. The officers are as follows: Capt. H. K. Strube, First Officer C. J. Brugulere, Second Officer D. S. Goodell, Third Officer Geo. Ankens, Fourth Officer F. W. McLaughlin, Purser Frank E. Schepp, Chief Engineer E. L. Putzar, Chief Steward A. M. Christie, Capt. John J. Brauey, transport quartermaster.

The little schooner Pioneer was the first of the outgoing vessels to get away. She goes in ballast to the Sound. The Noeau for Hamakua and Kau ports left shortly after noon and the Lehua, Alice Kimball, James Makee and Kauai got away later in the day. All the island vessels had large loads and the Inter-Island and Wilder wharves were very busy up to the time of departure of the several boats.

### Do Not Worry.

The Custom House boys deny that they feel any uneasiness about the arrival here of the Revenue Cutter Corwin or any other revenue cutter. They have heard no rumors of any immediate changes in the force by the addition of men from the States. As to the work being kept up to the top notch it is kept up as well as the slim force will allow and the wonder is how with the force at his command the Port Surveyor is able to do the good work that is being done. At the present time there are in the neighborhood of forty ships in the harbor. The force to protect the revenue is so woefully small that it is a constant strain on all the outside men of the Customs force to keep the necessary watch. With vessels discharging at the wharves and in the stream and about a mile of waterfront to guard the lot of the Customs men at the present time is any but an enviable one.

### Mikahala's Report.

The Mikahala from Kauai which arrived yesterday brought 5050 sacks of sugar for the W. R. Babcock. When the Mikahala left the Garden Isle there were 140,650 sacks of sugar ready for shipment. The weather was very fine and calm and the Charles Nelson left on Monday with a full passenger list and 16,000 sacks of sugar for San Francisco.

### NOTES.

Captain Hansen of the Sebastian Bach left for China in the Doric yesterday.

We hear on reliable authority that the Moana will take passengers for the Colonies.

### FUNERAL OF "JACK" WINTER.

Body Laid to Rest Yesterday in Nuanu Cemetery.

The remains of John N. Winter were borne to their last earthly home in Nuanu cemetery yesterday from St. Andrew's Cathedral at 11 o'clock, where services were held by the Rev. Alexander Mackintosh. The funeral services were brief and impressive. Wray Taylor rendered several dirges while the flower-laden casket was being carried to and from the chancel. The immediate family and relatives of the deceased occupied pews near the chancel, and a large number of friends of the deceased were present.

The pall-bearers were A. de Souza Canavarrha, Captain Christian, Henry Vida, Henry Pfleger, W. Porter Boyd, William Woon, Charles Creighton and Henry M. Whitney, Jr.

Lady Sarah Wilson writes from Mafeking on April 5th that Colonel Plumer's repulse was followed by the shelling of Mafeking by guns of power superior to that of the British artillery.

It is reported that the intercession of Webster Davis saved Consul Hay from the refusal of his exequatur. Hay had visited British statesmen while in London and the Boers resented it.
